

How to Separate and Put out Garbage & Recyclables

● Put out your garbage in its designated spot in your area before 8.00 a.m. on the day of collection. ○ Garbage that has not been sorted will not be collected, and a yellow sticker will be placed on the garbage bag.

*Please note that the garbage stations in each area are for the use of the residents of that area. Please do not put your garbage in a garbage station belonging to another area.

Type of Garbage	Examples	How to Dispose of Trash (Please also see the city's website for more.)
Burnable Garbage	<p>Designated Burnable Garbage Bag</p> <p>Kitchen Garbage Remains of fruits and vegetables, fish scraps, eggshells, etc.</p> <p>Paper scraps Tissue paper, laminated paper, carbon paper, and any paper that cannot be recycled. (Newspapers, magazines, and cardboard boxes are recyclable)</p> <p>Plastic items Wash bins, buckets, CDs, Ramen cups</p> <p>Leather, Rubber Rubber boots, leather shoes, Belts, handbags (All metal parts are non-burnable garbage), Clothing</p>	<ul style="list-style-type: none"> Please dispose of metals along with non-burnable garbage. Please remove any human waste from diapers before disposing of them. Please wring out any water from kitchen garbage before throwing it away. Please cut all strings to be less than 5 meters in length before throwing it away. Please break apart large pieces of Styrofoam before throwing it away. Place branches inside of a designated bag before disposing of them (Branches must be no thicker than 7 cm, no longer than 50 cm, and the city can collect up to 2 bags per day). Please use a designated burnable garbage bag.
Non-Burnable Garbage	<p>Designated Non-Burnable Garbage Bag</p> <p>Metal Pots, frying pans, Canned food, canned milk, DVD Players, Electric Kettles and Thermoses, Desk lamps, Umbrella Frames (The umbrella material (plastic) can be disposed of with Burnable Garbage.)</p> <p>Glass Lighting Equipment, Old Batteries, Fluorescent lamps (Unbroken), Oil & Dressing Containers, Ceramics (Teacups, flowerpots, plates, small teapots)</p>	<ul style="list-style-type: none"> Please dispose of all beverage cans and bottles as Recyclables. Cut the electrical cord for all household electronics from the base where it connects to the device before disposing of them. Please remove anything from the inside if there is something inside of it. Please dispose of aerosol cans with hazardous materials. Please dispose of lighters with hazardous materials. Please use a designated non-burnable garbage bag.
Bulk Garbage	<p>Larger Items</p> <p>Furniture, Polyurethane mattresses, rugs (cut into thirds), carpet, cushions, (Max 6 per disposal day)</p> <p>Doors, Sliding doors, Paper sliding doors, Tatami mats, Storm shutters, Aluminum sash windows (Max 6 per disposal day)</p> <p>Gas Stoves, Vacuum Cleaners, Fan Heater (With all kerosene drained out of it), Fans, Futons (Max 5 per disposal day)</p> <p>Beds, Folding curtains, Sofas, Wheelchairs, Baby strollers, etc. (Please disassemble before throwing out)</p> <p>Please disassemble before throwing out</p>	<ul style="list-style-type: none"> Sofas, beds, and anything with springs needs to be taken apart. Please separate the springs from the mat before disposing of them. For items like floor chairs please remove the metal frame from the material and dispose of them separately. For household electronics (other than household electronics that can be recycled and personal computers), please place them in a designated non-burnable garbage bag and dispose of on a non-burnable garbage collection day. Cut the electrical cord for all household electronics from the base where it connects to the device before disposing of them. For anything that can be disassembled, please separate into either metal and burnable garbage when disposing of them. Note: Please refer to the bottom of this page for information on undisposable items.
Hazardous Materials	<p>Gas Gas canisters, Spray cans, etc.</p> <p>Spray E-cigarettes, vapers</p> <p>Lighters Mercury thermometers, Mercury blood pressure machine</p> <p>Lithium-ion batteries Cell phones, Electric shavers, Mobile batteries, Electric toothbrushes</p> <p>If you can remove the lithium-ion battery, then please do.</p>	<ul style="list-style-type: none"> Be certain that you have removed the lithium-ion battery or battery from your household electronics before disposal. The batteries can be disposed of with hazardous materials. Please take apart lighters and remove the gas inside. For aerosol cans, spray cans, and the like, please be certain to poke a hole in them and remove all gas from the inside. Note: When poking a hole in a can, exercise great caution and do it outdoors. Please use either a designated non-burnable garbage bag or a translucent plastic bag.
Recyclables	<p>Beverage Beer bottles, Assorted glass bottles, Juice bottles, Vinegar bottles, Energy drinks</p> <p>White Plastic Trays Milk Carton, etc.</p> <p>Beverage Aluminum & Steel Cans</p> <p>PET Bottles Juices, Water, Alcoholic beverages, Soy Sauce</p> <p>Newspapers Magazines, Cardboard boxes</p>	<ul style="list-style-type: none"> Beer bottles, glass bottles for assorted alcohols, and any other glass bottles designed for human consumption. (This includes wine bottles and other drink-related bottles) Anything smaller than 10 cm can be disposed of with non-burnable garbage. Please dispose of porcelain, cooking oil bottles, and baby bottles with non-burnable garbage. Please use either a designated non-burnable garbage bag or a translucent plastic bag. Be absolutely certain to remove any plastic film or vinyl coating from white plastic tray containers. The film or coating can be disposed of with burnable garbage. Please use either a designated non-burnable garbage bag or a translucent plastic bag. The Beverage category only refers to aluminum and steel cans with a recycle mark on them. Cans like those for milk powder or seaweed are considered non-burnable garbage. Please use either a designated non-burnable garbage bag or a translucent plastic bag. Check to ensure the PET bottle has a recycle mark on it. If it doesn't then please dispose of it with your burnable garbage. Place all removed caps in a small bag and then place that small bag of caps inside the larger bag with the PET bottles. Please use either a designated non-burnable garbage bag or a translucent plastic bag. Please separate by type and bind with a rope or string. For foldable flyers that came from the newspaper, please roll them inside of the newspaper and then put out for disposal. Please cut cardboard and sweets boxes open and dispose of together with old magazines. Dispose of the plastic bags of junk mail separately as burnable garbage.

Undisposable Items	<p>Please contact a specialist experienced with taking these items.</p> <p>LPG, Propane tanks, Fire extinguishers, Farming tools, Tires, car batteries, snow chains (for passenger vehicles), Earth and sand, ash, roof tiles, bricks, concrete blocks, construction scrap materials.</p> <p>Note: These are examples of undisposable items. If you are uncertain, please contact the city.</p> <ul style="list-style-type: none"> This includes motorcycles, bathtubs, solar water-heaters, bath heaters, fireproof safes, industrial waste, wires, electrical wiring, oil drums, and more, in addition to the items listed above. For items that cannot be disposed of with the city, please speak to the store which sold you the item to have them collect it, or request a specialist to collect it. (Service not free of charge.) Per the "Law for the Promotion of Utilization of Recyclable Resources," when disposing of personal-use computers, please contact the maker of your electronic directly. For disposal of refrigerators, freezers, washing machines, TVs, air conditioners, and clothing dryers, please follow the guidelines outlined in the "Home Appliance Recycling Act." 	<p>Please take directly to the Marutanomori Clean Center</p> <ul style="list-style-type: none"> Temporarily large amounts of garbage - Large amounts of garbage from moving or doing a deep clean. General house garbage can be disposed of for free Branches must be no thicker than 7cm and no longer than 1 meter. Business-related garbage - Garbage created by shops, restaurants, and businesses. <p>Accepted Monday to Saturday at a cost of 50 yen per 10 kg of garbage</p> <ul style="list-style-type: none"> Please present identification when coming to dispose of garbage. When transporting garbage in a vehicle, please ensure that your vehicle is under two tons. Please be certain to separate your garbage into burnable and non-burnable when you bring it to the center. <table border="1"> <thead> <tr> <th>Examples</th><th>Accepting Days</th><th>Hours of Operation</th></tr> </thead> <tbody> <tr> <td>Burnable garbage, Non-burnable garbage, Bulk garbage, Recyclables, Hazardous materials</td><td>Monday through Saturday (Excluding holidays)</td><td>From 9:00 a.m. to 12:00 a.m. From 1:00 p.m. to 4:00 p.m.</td></tr> </tbody> </table> <p>Map</p> <p>Former Hatsuaki Primary School (Route 20) → Marutanomori Clean Center (Shizuoka Wide Area Administrative Union) → Inbe Bridge → Takara Primary School → Tsuru Municipal General Hospital → Tsuru I.C. → Chuo EXPAW → Otsuki I.C.</p> <p>For comments and questions: Marutanomori Clean Center 401-0022, Otsuki City, Hatsuaki-Machi, Nakahatsukari 3274 ☎0554-20-2651 URL: http://www.otsuki-tsuru.or.jp</p>	Examples	Accepting Days	Hours of Operation	Burnable garbage, Non-burnable garbage, Bulk garbage, Recyclables, Hazardous materials	Monday through Saturday (Excluding holidays)	From 9:00 a.m. to 12:00 a.m. From 1:00 p.m. to 4:00 p.m.

Yanagawa	All Areas	Tuesday, Thursday, Saturday No collection on Holidays	1st Monday						Second & Fourth	• Beverage Glass Bottles • Milk Cartons • White Plastic Tray Containers • Hazardous Materials

- ★ The city recommends recycling and reusing waste where possible. We humbly request your understanding with this matter.
- ★ **Recyclables should be placed inside their designated, non-burnable garbage bags or inside of a translucent plastic bag.**
(*Please separate cans and PET bottles and place them in separate bags. Please also separate milk cartons and white plastic tray containers and place them in separate bags.)
- ★ Should your area have a designated recycling container, please be absolutely certain to place the items in a bag before placing them inside of a recyclable container when disposing of beverage glass bottles, cans, and PET bottles.
- ★ Recyclables are only collected twice a month, so be certain to check your district's disposal day before setting them out. (Recyclables will be collected regardless of whether the day is a holiday or not.)
- ★ Non-Burnable Garbage is only collected once a month, so be certain to check your district's disposal day before setting it out. (Non-Burnable Garbage will be collected regardless of whether the day is a holiday or not.)
- ★ Burnable Garbage will not be collected on holidays.

Otsuki City Bulk Garbage Disposal Schedule

- ★ In the event that Bulk Garbage Collection day falls on a holiday, it will be adjusted as such. Please confirm the collection day and dispose of your garbage at the Bulk Garbage Station.

District Name	Collection Location	Bulk Garbage Collection & Adjustment Day	District Name	Collection Location	Bulk Garbage Collection & Adjustment Day
